

Standard - 800mm x 760mm x 1980mm

Raised Base Height – 2080mm

The Kylie is a small, one piece shower cubicle that will fit through a standard doorway. This simple shower design has a medium step/hob that works well with a shower curtain or glass screen. It's often installed into motorhomes and caravans with a poly-carbonate screen, as they are light weight and will not shatter.
